

## The Iron Max Series

RainDance introduces the renowned Iron Max well water filtration system, designed to be a durable & dependable final solution to your well water problems. Remove high iron, manganese, hydrogen sulfide gas, and sediment in single filter with no chemicals, no air, and no filters to replace.

Get crystal clear, stain-free water with the self-cleaning Iron Max, capable of removing ferrous (clear water iron) & ferric (red water iron) iron up to **12ppm**, manganese up to **5ppm**, hydrogen sulfide gas (rotten egg odors) up to **3ppm**, and sediment, debris, and turbidity down to **3-5 microns**, using self-oxidizing media that is not consumed in the process for economical iron removal.

*\*Appearances may vary.*

- ✓ Long Lasting Well Water Filtration Media up to **10\* years!**
- ✓ No **Routine Costly** Filter Cartridges to Replace or Clean!
- ✓ **Multiple Water Problems** Solved In A Single Space-Saving Tank!
- ✓ Designed For **Whole House, Irrigation, and Commercial** Treatment!
- ✓ **NSF Certified** Tank, Control Valve, & Filtration Media!
- ✓ Filter Tank & Control Valve **Made & Assembled** in the USA!
- ✓ Chemical Free – Maintenance Free – Incredibly User Friendly!
- ✓ **Easy Installation** for the Do-It-Yourselfer, Plumber, or Contractor
- ✓ Self Cleaning – Automatic Backwashing – Reuse the Drain Water!

- ✓ Prevents **Iron Staining** on Fixtures, Washing Machines, and Dishwashers!
- ✓ Sprinklers, Sprayers, and Waterers are **Cleaner!**
- ✓ Provides **Clean, Crystal Clear, Odor-Free** Water at Every Tap, Sink, and Shower!
- ✓ **Protects and Extends** the Life of Hot Water Heaters & Geothermal Heaters!
- ✓ Improved Drinking Water with **No Iron Metallic Tastes** or Odors!
- ✓ **Better Quality Water** For Poultry Farms, Livestock, and Agriculture Needs!
